Liza Goldberg | Email: lizagold@stanford.edu | Phone: (443) 832-0665

EDUCATION

Stanford University 2025-2030
PhD in Earth System Science

London School of Hygiene and Tropical Medicine 2024-2025
MSc. in Climate Change and Planetary Health (Marshall Scholar)

Stanford University 2020-2024
B.S. in Earth Systems with Distinction; Honors in Earth Systems; Honors in Democracy, Development, and the Rule of Law

RESEARCH POSITIONS (by relevance)

NASA Goddard Space Flight Center, Greenbelt, MD - Biospheric Scientist, Earth Sciences Division 2016-2025
Using satellite technology to inform deforestation monitoring and sustainable development policy across climate-vulnerable nations.

National Geographic, Cox's Bazar, Bangladesh - National Geographic Explorer 2024-present
Leading an international team applying satellite technology and ethnography toward monitoring the Rohingya Refugee Crisis.

International Centre for Diarrheal Disease Research, Bangladesh - Research Scientist 2024-2025
Building national-scale cholera, typhoid, rotavirus monitoring system and developing gender-sensitive climate resilience analyses.

Stanford Natural Capital Project; Godrej & Boyce, Mumbai, India - Mangrove Coalition Executive Team 2022-present
Co-directing India-wide multisectoral coalition building natural capital solutions to coastal climate risk across India's megacities.

Stanford Woods Institute for the Environment, Stanford, CA - Research Scientist 2023-2024
Conceived and led large-scale study in Bangladesh on climate-driven psychological poverty traps and migration decision-making.

Stanford King Center on Global Development, Delhi, India - Project Director 2022-2023
Directed launch of large-scale Randomized Control Trial to improve education outcomes among low-income youth in North India.

Stanford King Center on Global Development, Stanford, CA - Research Assistant 2020-2021
Studied role of aquaculture expansion on food insecurity in rural Indonesia using remote sensing and econometric analyses.

NASA SERVIR / USAID, Huntsville, AL - Visiting Scientist 2018
Led development of an international-scale coastal deforestation monitoring program across East Africa with Kenya's RCMRD.

SELECTED HONORS *(bolded for national or international award)*

1. Climate Change and Planetary Health Thesis Prize
2. **2025 Knight-Hennessy Scholar**
3. 2024 Stanford University Firestone Medal
4. 2024 Stanford Doerr School of Sustainability Dean's Award for Exceptional Achievement
5. **2024 National Geographic Meridian Grant (PI, $150,000)**
6. **2024 Marshall Scholar**
7. **2023 National Geographic Explorers Grant (PI, $20,000)**
8. 2023 Stanford Freeman Spogli Institute Major Research Grant ($7,500)
9. **2022 Sigma Squared Fellow**
10. **2022 Slavin Family Foundation Fellow**
11. **2022 Google Developer Expert (youngest global female expert)**
12. **2020 National Geographic Explorers Grant (PI, $10,000)**
13. **2020 Diller Teen Tikkun Olam Awards Recipient**
14. **2019 Society of Wetland Scientists Annual Meeting Best Oral Presentation Award**
15. **2018 Baltimore Orioles Hero Award**
16. **2018 FCE LTER All Scientists Meeting Best Student Poster Award**

CONVENED CONFERENCE SESSIONS

“Enhancing Geospatial Analysis with Google Earth Engine: Innovations, Applications, and Extensions,” European Geophysical Union General Assembly 2024, Austria

CAPACITY BUILDING & OUTREACH

Founder and Director of Cloud to Classroom, a global initiative to build climate data analysis-to-policy pipelines in low-resource institutions in climate vulnerable nations.
Board Member, RightsTech Women (Geneva, Switzerland), a non-profit dedicated to increasing women’s technological literacy for sustainable development.

FIELD AND LANGUAGE SKILLS

Field Experience: *Social Science:* Mixed-method psychological surveys and focus groups among low-income households in urban and rural settings; *Ecology:* Mangrove and coastal ecosystem vulnerability ground-truthing via land and water, post-hurricane damage profiling; **Language:** Spanish, advanced speaking; German, beginner speaking; Hindi and Bangla, advanced speaking

REVIEWING SERVICE

Nature Ecology and Evolution, Nature Communications, Communications Earth and Environment, PLOS ONE, Global Change Biology, Global Ecology and Biogeography, and International Journal of Applied Earth Observation and Geoinformation
